Legal disclaimer

This course is a skills training package designed to provide the user with guidance only and does not constitute professional or legal advice. We will not be liable to educational institutions or users for any inconsistency between this course and guidelines provided to users from their educational institutions. In the event of any inconsistency, educational institutions and/or users are advised to seek independent legal advice from a qualified legal practitioner.

This course is provided without any conditions, warranties or other terms of any kind. Accordingly, to the maximum extent permitted by law, Epigeum Ltd. provides users with the course on the basis that Epigeum Ltd. excludes all representations, warranties, conditions and other terms (including, without limitation, the conditions implied by law of satisfactory quality, fitness for purpose and the use of reasonable care and skill) which, but for this legal notice, might have effect in relation to the course.

Copyright notice

All rights reserved. The material in this course is copyright and may be used solely in accordance with the terms and conditions set out in the licence agreement. The material is for educational use only and under no circumstances may it or any part of it be offered for re-sale.

You may annotate, copy, or print out sections of text or pictures only where expressly allowed in the product and the accompanying materials, solely for use within your purchasing institution. Worksheets may be freely photocopied for use in the purchasing institution.

If you wish to use the material in any way other than that specified you must apply in writing to the publishers.

Statistics packages

All tutorials and instructions provided are correct for the version/release of the statistics package used when writing them (specified below). We cannot guarantee that they will work for other versions.

GenStat® 16
Instat®+ 3.37
Minitab®16
R 3.0
SAS® 9.3
IBM® SPSS® Statistics 21
Stata® 13

We have tried to make the courses in this programme as accessible as possible. However, we are unable to advise on the accessibility of the various statistics packages and recommend that local advice and support should be sought where necessary.

Websites

The websites used in this product were correct and up to date to the best of our knowledge at the time of publication. Epigeum accepts no responsibility for the content of external websites, and nor does a link or a mention of such a website imply endorsement or approval.

Video interviewees

All job titles that appear in video straplines and transcripts were correct at the time of filming.
